- Tool Kit (jack + jack handle + hub nut wrench)

Main Equipment List - TOYOTA CAMRY

*1: It would not come with Emergency Tire Puncture Repair Kit if Spare Tire (for emergency) had been selected. If this is the case, the formation of Deck Under Tray would be altered.

- *2: Tire Air Pressure Warning System (TPWS) would not display any of the 4 wheels if the Spare Tire (for emergency) was in use (during driving).
- *3: Spare Tire and Accessory Power Plug cannot be selected at the same time.
- *4: It would not come with Overhead Console if Panoramic Moon Roof had been selected.
- *5: Cold Weather Package and LED Rear Fog Lamps will come as a packaged optional service by the manufacturer.
- *6: Blind Spot Monitor, Rear Cross Traffic Alert, and Intelligent Clearance Sonar (rear cross traffic auto brake function) will come as a packaged optional service by the manufacturer.
- *7: Blind Spot Monitor, Rear Cross Traffic Alert, and Intelligent Clearance Sonar (rear cross traffic auto brake function) would come as a packaged optional service by the manufacturer if T-Connect SD Navigation System under the optional service by the manufacturer had been selected (JPY 92,880 <JPY 86,000 before tax>).
- *8: The child-seat to install should be standard ISOFIX compatible (compliant with new security standard) i.e. you would have to fasten your own seatbelt if your child-seat belongs to other types. Please consult your own dealer for any further clarifications.
- *9: Various audio switches would be activated only when any navigation & audio device under the optional service by the dealer or T-Connect SD navigation system under the optional service by the manufacturer had been installed.
- *10: Various audio switches would be activated only when any navigation & audio device under the optional service by the dealer had been installed.
- *11: T-Connect SD Navigation System and Steering Switch (hands free + voice recognition) will be available under the packaged optional service by the manufacturer.
- *12: If you have an implanted type of pacemaker of the heart or something similar in nature, please do not place your device near to the transmitter within 22 cm as its radio wave might interfere with the sound operation of such device. Alternatively, you may consult your dealer as it is possible to deactivate the emission of radio wave.
- *13: This function is available only when T-Connect SD Navigation System under the optional service by the manufacturer had been selected.
- *14: A part of Genuine Leather Seat consists of Synthetic Leather.
- *15: It would not come with Card Holder if ETC 2.0 Unit (built-in) Navigation Actuator Type or ETC Device under the optional service by the dealer had been selected. If this is the case, set-up fee would be billed to you separately. Please consult your own dealer for any further clarifications.
- *16: Certain types of disc media may not be supported by this function. B-CAS card is already installed on the receiver. You cannot select illuminated type of number plate.
- *17: You would need to obtain SD card separately.
- *18: You would need to separately obtain the cable from a retailer to support this function. However, certain types of cables may not be compatible with this function.
- *19: There are a variety of navigation & audio systems available as an optional service by the dealer. Please refer to the separate booklet entitled AUDIO VISUAL & NAVIGATION CATALOGUE or consult your own dealer for any further clarifications.
- *20: Please take note that ETC 2.0 Unit (built-in) Navigation Actuator Type may not guarantee sound operation for any system upgrade or newly added technical features in future. Please consult your own dealer for any further clarifications.
- *21: ETC 2.0 Unit (built-in) Navigation Actuator Type is available only when any navigation & audio device under the optional service by the dealer (excluding entry navigation) or T-Connect SD navigation system under the optional service by the manufacturer had been installed.
- *22: Please make sure not to exceed 1500W in total as the electric appliances in use. Also, the vehicle does not guarantee sound operation even below than 1500W. Please consult your own dealer for any further clarifications.
- *23: It would not come with USB Terminal for Charging if Accessory Power Plug had been selected.
- *24: Please make sure not to exceed 120W as the electric appliances in use. Also, the vehicle does not guarantee sound operation even below than 120W. Please consult your own dealer for any further clarifications.
- *25: Please use this function as the power source for DC5V / 2.1A (power consumption 10.5W).
- *26: If you have an implanted type of pacemaker of the heart or something similar in nature, please consult your doctor for professional medical advice as operation of wireless charging might interfere with the sound operation of such device. Alternatively, you may consult your dealer as it is possible to deactivate the charging function.

Main Equipment List - TOYOTA CAMRY (continued)

- *27: Cold Weather Package is aimed to enhance the reliability and durability of wipers, etc. by taking the driving circumstances in cold weather areas into consideration. Also, Cold Weather Package is applicable for all the vehicles sold in Hokkaido region as their standard specifications.
- *28: PTC is an acronym of Positive Temperature Coefficient.
- *29: Illuminated type of number plate cannot be installed at the same time.
- *30: It would be displayed on the navigation screen if T-Connect SD navigation system had been installed.

- Please take note that "Optional service by the manufacturer" will be installed at the manufacturer's factory; we are unable to accept any further request or changes thereof once your order has been placed.
- Please take note that "Leather Package" does not represent any grade name.
- Prices listed herein are suggested retail prices provided by the manufacturer (as of July 2017 inclusive of 8% of consumption tax) for your reference purpose. Please consult your dealer for more information as the final price might vary at the discretion of each dealer.
